The following citizens presented petitions asking a rebate on their taxes: John Buttmer, Robt. Cloater, N. B. Smith, Mrs. Sarah LeCompte and R. H. Higdon. The petitions were referred to the finance committee.

The committee to which was referred the matter of laying rails for the street railway on Wilkinson and West Main street, reported that a contract had been made by a previous council, and the council could not give them the relief desired in their petition.

The fire committee was instructed to make arrangements for placing a wagon and 500 feet of hose on the South Side when the bridge became unavailable. The Fire and Police Commissioners were requested to employ men to take care of same.

Mr. Gray, from the street committee, made a report in regard to several streets, among the number Taylor avenue. The council de-

cided they could not, under the law, build a new sidewalk.

There being no further business, on motion of Councilman Watson, the council adjourned to meet again next Tuesday night.

The Work Completed.

The Opera House has been newly frescoed and presents a bright and neat appearance, the dingy paint on the walls being replaced with a bright lemon color, which makes the hall much brighter and more attractive. The drop curtain represents a very pretty scene and will be much more pleasing to the eye than the old one was, with the long cord reaching from top to bottom, street musicians and their dancing goat, with sail boats in the background, the sails of which made them look more like over-grown butterflies with but one wing than anything else.

The first entertainment of the season will be given Thursday evening next, the 21st inst.

A Country Runaway.

Mr. Henry Perkins and his cousin, Miss Loulie Perkins, attended Sunday-school at Daulton School-house, near Graefenburg, Sunday afternoon, and on the way home the horse they were driving to a buggy took fright and ran away. When it had run about fifty yards the buggy went over an embankment and upset. The young lady was thrown out and had an ugly gash cut in her scalp and her face badly bruised, but the young man escaped unhurt. The horse broke a leg and had to be shot and the buggy was a complete wreck.

A Good Thing to Keep on Hand.

From the Troy (Kansas) Chief.

Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this as a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by J. W. Gayle.

Circuit Court.

The Franklin Circuit Court convened in September term on Monday. Judge Jas. E. Cantrill did not arrive from Georgetown until noon and the court was not formally opened until 2 o'clock in the afternoon, when the following grand jury was impaneled.

Washington Crutcher, Foreman; James Rodman, J. W. Johnson, Ed. Bailly, Levi Waits, J. E. Miles, L. S. Roberts, Chas. Ellwanger, D. C. Crutcher, M. D. Averill, L. B. Marshall and A. W. Macklin.

In charging the grand jury the Judge called their attention specially to the violation of the laws for the protection of game and fish, and it need not be surprising if the grand jury returns numerous indictments against parties for dynamiting and seining for fish and hunting before the time prescribed by law.

The following are the petit juries for the term:

Jury No. 1.—M. H. Cromwell, David Moore, Geo. A. Lewis, Dr. W. H. Wilson, Henry Rodgers, J. W. Gaines, J. T. Wiley, W. T. Wilson, W. B. White, George Farmer, W. H. Caulk, and D. A. Thomasson.

Jury No. 2.—Henry Rodgers, James H. Gaines, W. M. Bristow, Willis Rodgers, G. W. Hall, Colby H. Taylor, Jos. T. Staten, A. H. McClure, S. T. Pence, Milton Moore, Frank Slusher and Jeff Lewis.

Tuesday morning the indictment against Chas. Gill was, upon motion of Commonwealth's Attorney Smith, filed away with leave to re-docket. Gill and his brother Charles were concerned in the killing of Charles McFarland, upon an excursion train at Jett's Station several years ago. James was arrested but Charles made his escape and remained in hiding. At the trial of James all the witnesses swore that he did the killing, but Charles turned up, came into court and swore that he himself killed McFarland. The result was that James was acquitted and Charles placed in jail to await trial. As all the witnesses had sworn that James had committed the crime, the Commonwealth had no proof against Charles except his own statement and he could not be made to convict himself, hence the case was filed away and the prisoner released.

After consuming the morning in getting the witnesses into court, the case of William Minor, for the murder of George Taylor, was taken up and the trial proceeded with. It occupied the time of the court until Wednesday afternoon at 3 o'clock, when it was given to the jury, who after retiring a few minutes returned a verdict of guilty of manslaughter and fixed the

punishment at sixteen years in the penitentiary.

Several other cases of minor importance were also tried that afternoon before adjournment.

Thursday morning, in the case of the Commonwealth vs. W. A. Gaines & Co. and other distillers, in which the plaintiff is seeking to recover a penalty for the failure to pay the taxes on whisky within the required time, the court overruled a motion of the plaintiff to strike out certain portions of the answer of the defendants, in which the failure of the officers of the State to perform their duties properly in regard to the collection of the tax is alleged. The case was then passed for further proceedings.

The equity docket was then called and several old cases filed away or stricken from the docket.

The case of the Commonwealth vs. Mollie Dean, charged with keeping a disorderly house was then taken up and occupied the balance of the day. The jury returned a verdict of not guilty late in the afternoon.

Yesterday one or two civil cases involving small amounts were tried.

Hard Times.

Do you know that the best remedy for hard times is to keep your money at home and keep it circulating. Patronize your home institutions. If your grocer wants to sell you flour made in some other place, don't let him do it. Insist upon having home-made flour. You can then keep your money at home and help give employment to your home workmen and enable them to earn a livelihood for their families. Call for J. E. M. Flour. It is the best. Put your money where it will do you and your neighbors the most good.

COMMONWEALTH'S ATTORNEYS. The New Law Not Satisfactory In Many Districts.

The law passed last session of the Legislature changing the pay of the Commonwealth's Attorneys in the State from a salary of \$2,500 per annum to \$500 and one-half of all the fines and forfeitures arising under their prosecution in the Circuit Courts and paid into the State Treasury, is not likely to prove satisfactory in many districts in the State. In a number of instances, as the accounts in the Auditor's office will show, the half of the fines and forfeitures for the period of eight months to September 1, did not aggregate enough to pay the attorneys' board while attending court in their circuit. R. F. Peak, in the Henry, Shelby, Trimble, Spencer, Oldham and Anderson county district, drew only \$186; Nat A. Porter, of the Warren, Butler, Allen and Edmondson district, only \$240.95, John S. Owsley, jr., of the Mercer, Boyle, Lincoln and Garrard district, only \$253; H. L. Howard, of the Bell Harlan, Letcher and Perry district, only \$260.75, and many others in amounts ranging from \$250 to \$600. John S. Smith, of this district, drew \$1,670, and Frank Parsons, of Louisville, is the only one who has reached his limit of \$4,000. No other will probably earn as much as \$3,000. Hon. Clias. J. Bronston, of Lexington, only received \$397.50, which explains the reason, perhaps, that induces him to look to other fields, not excepting a seat in Congress now filled by Hon. W. C. P. Breckinridge, for a little of the bread and meat that is supposed to go with the ices and dainties.

A Stranger Within His Gates.

Mr. Robert B. Franklin has had a stranger stopping at his home for several days who has never yet exchanged a word with him, but Mr. Franklin is very much pleased at his coming as he thinks it an omen that he is a sure winner in his race for County Attorney. The stranger will some day be a voter, and may conclude after a while to call Bob papa, hence the genial smile which adorns the countenance of Rober.

Grave Mistakes.

Physicians frequently make mistakes in treatment of Heart Disease. The rate of sudden deaths is daily increasing. Hundreds become victims of the ignorance of physicians in the treatment of this disease. One in four has a diseased heart. Shortness of breath, palpitation and fluttering, irregular pulse, choking sensation, asthmatic breathing, pain or tenderness in side, shoulder or arm, weak hungry spells, are symptoms of Heart Disease. THE CATHOLIC CHURCH And the Public Schools as Defined by the Rev. Father Gorey Last Sunday.

Editor Roundabout:

Apropos of the schools opening, the Rev. Father Wm. E. Gorey, pastor of the Church of the Good Shepherd in this city, very clearly defined the attitude of the Catholic Church with reference to the public and parochial schools.

This is a subject which has engaged the attention of the religious and secular press for a number of years past and especially since the advent in the United States of Manager Satolli, the accredited Apostolic delegate of the Holy Father, Leo XIII, whose mission to this country was to define this and other important and seemingly unsettled principles, with all the authority of his distinguished superior. There has, however, been so many unauthentic opinions spread broad cast, and such a quantity of ink and paper consumed on this subject, that only an enthusiast could attempt to follow it up through the channels of the newspapers columns. Catholic parents and others interested, however, who attended their parish church last Sunday had an opportunity of listening to an authoritative, concise and comprehensive definition of the law of the Church on this subject delivered by their pastor.

In substance the reverend gentleman said: The recent decision of the Apostolic delegate is by no means a new aspect of the case, but as old as the church herself, and was now promulgated in its present emphatic terms only to curb the prejudice of ignorant Catholics (for there are a few such, he regretted to say) whose bigotry prevents their recognizing any good in the public schools and whose unpatriotic will would even suppress them. He but echoed the sentiment of the Apostolic delegate in pronouncing the public schools a public blessing and one of the most important factors in our modern civilization. The necessity for the public schools to the welfare of our national institutions should be patent to all sensible citizens without reference to their religious inclinations. In short, the public schools, as far as they go, are all right.

It is an irrevocable law of nature that every parent owes to his offspring an education to enable it at least to secure a livelihood. This goes without discussion. Every christian parent must recognize his obligation to impart, in addition to this, a knowledge of the mysteries of the christian religion. The Catholic Church teaches that this obligation is imperative, and a neglect of it entails the loss of the parent's immortal soul. She holds that a Catholic parent who is able and capable may impart this religious instruction to his offspring within the sacred circle of the home, and the secular education may be acquired in any manner agreeable to the choice of the parent, provided, however, it will not endanger the religious

character of the child. On the other hand, where the parent is unable or incapable of imparting this religious instruction, he must delegate it to another; and then it is that the church demands as a matter of right the attendance of the child at the parochial school, the purpose of the parochial school being to impart a religious and secular education at the same time; and for this reason the parish school should commend itself to the generosity of all practical Catholics.

Father Gorey called upon his hearers to witness that he discharged his duty in bringing to their attention this important duty, and defining the position taken in the premises by the church. He incidentally remarked that he hoped that at no distant day this vexed question would be sensibly settled, believing that neither was in any wise hostile to the other, and both important to the advancement of science and religion.

JAS. J. FITZGERALD.

She Committed Suicide.

Mrs. F. O. Cone, at Paris, left this letter: "My husband—Forgive me if I cause you trouble, but I suffer no You do not know what these long, wakeful, wretched nights are to me, and I am so tired, darling—the pain will never be better. It is not easy to take my own life, but I have been sick so long. Good-bye, my husband. I love you—your wife." This is one of the thousands that gives up, instead of using Dr. Miles' Restorative Nervine, and being speedily cured of their wretchedness. Go to J. W. Gayle and get an elegant book and trial bottle free.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, SEPTEMBER 16, 1888.

Sad News.

Mrs. Chas. E. Haff received a telegram Saturday morning calling her to the bedside of her husband, who has been visiting his parents in Clinton county, New York, for several weeks, as it was thought he could not live. She left at 1 p. m. of that day over the Midland, but was in the wreck which occurred at Springfield, Ohio, was slightly bruised and delayed ten hours.

Mr. Haff has been in bad health for the past two years, but was some better until a week or so before leaving home when he began to grow weaker, which was supposed to be caused by the warm weather, and thinking a change to a cooler climate might benefit him he went to visit the home of his childhood in Northern New York, and spend the balance of the summer with his aged parents. A letter received Thursday by Mr. Frank S. Haff stated that his condition was slightly improved and his friends here hope he may yet recover.

More Light.

By the action of the City Council on Tuesday evening the streets of this city are to be better lighted than ever before. A contract was closed with the Capital Gas and Electric Light Company, by the terms of which the company is to substitute twenty-seven arc electric lights for ninety-two gas lamps. The arc lights are to be erected at the intersections of all the principal streets on the North Side and at the corners of Second and Bridge, Second and Steele, Second and Shelby and Second and Main on the South Side, and one in the center of the new bridge. The company is to put in a plant sufficient supply the light at once and hope to have the same in running order in about sixty days. The lights are to burn all night.

Wants to be Mayor.

Judge Ira Julian would like to be Mayor Julian and has announced himself as a candidate for Mayor of this city, subject to the action of the Democratic party. This makes the fight a triangular one, as neither Mayor Tobin or ex-Mayor Mangan, who have been making a canvass for several months, will give way for him, and it will be a case of the longest pole knocking the persimmon—a hustling finish with no one having a cinch on the nomination.

Nice Tobacco.

Notwithstanding the drouth, many of our farmers have fine crops of tobacco. We were shown on Wednesday by Mr. M. H. Cromwell a sample hand of White Burley from his crop of five acres which was first class. The leaves were twenty-eight inches long and thirteen wide, and splendid looking.

His First Cruise.

Commodore Knott had the Court of Appeals Thursday on Board of his beautiful electric launch, Lotus. The vessel, with flying flags, passed under the bridge at three o'clock in the afternoon at a speed of nine miles an hour. It returned about sunset and the party expressed themselves as delighted with their trip.

Horse Thief Caught.

A gentleman by the name of Crittenden residing near Monterey, Owen county, lost a horse Sunday and notified the police of this city. They kept a sharp lookout and Officer Henry Brown succeeded in capturing Lucian King, a young white man, at the Forks of Elkhorn, Monday morning, with the horse in his possession, brought him to this city and lodged him in jail. He was indicted by the grand jury on Tuesday.

Berkley Gone.

Walter Berkley, the convict who was arrested at the penitentiary gate after having served his term out, for having burglar's tools in his possession, and who has been in jail here for several months, succeeded in giving two hundred dollars bond last week and was released. It is not likely he will return for trial and his bail will doubtless be forfeited.

Swinging Around the Circle.
Of the diseases to which it is subjected, the most rampant, Hostetter's Stomach Bitters, a family medicine, comprehensive in its scope, has never been thrust upon public attention in the guise of a universal panacea for bodily ills. This claim, daily arrogated in the columns of the daily press by the proprietors of medicines for infirmities, has in a thousand instances disgusted the public in advance by its absurdity, and the prospects of other remedies of superior qualities have been handicapped by the pretensions of their worthless predecessors. But the American people know, because they have verified the fact by the most trying tests, that the Bitters possesses the virtues of a real specific in cases of indigestion, dyspepsia, biliousness, nervousness, rheumatism, stomach and kidney trouble. What it does it does thoroughly, and mainly for this reason it is indorsed and recommended by hosts of respectable medical men.

The Drouth Broken.

A glorious rain fell in this section Sunday evening and night which was worth thousands of dollars to farmers whose corn fields and pastures was drying up, their wells and cisterns empty and whose stock water was so scarce that their cattle had to be driven several miles to water courses.

In Bad Condition.

Taylor Avenue is in very bad condition and needs a new coat of metal terribly. Since the travel has been so heavy over it from Bellepoint it has been worn full of holes and the city, Devel's Hollow Turnpike Company, or whoever is supposed to keep it in order should look after it at once.

It Should Be a Every House.

J. B. Wilson, 371 Clay St., Sharpshooter, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "LaGrippe" when various other remedies and several physicians had done her no good. Robert Barber, of Cookeport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at P. H. CARPENTERS Drug Store. Large bottles, 50c and \$1.00.

Annual Meeting.

Frankfort Chapter, No. 3, Royal Arch Masons, will meet in regular monthly convocation on Tuesday evening next, at 7:30 o'clock, in the north hall of Odd Fellows Temple. The regular annual election of officers will be held and a full attendance of the companions is desired.

Noteworthy Points.

Mayor Henry S. Tyler was nominated for re-election by the Democrats in Louisville last Tuesday, defeating Hon. Chas. D. Jacob, who was mayor for four terms.

Ruth's brand new sister at the White House in Washington City has been named "Esther," which means "a star" and "good fortune."

Senator Lindsay was down for a speech in the Senate yesterday on the financial situation and it is safe to predict that he was listened to with the deepest attention.

The Louisville Post intimates that Major Henry T. Stanton, of this city, will soon be given an appointment that will send him where he can write another Hiawatha, which doubtless means an Indian agency, a position held by him under President Cleveland's former administration.

Convicts have painted the walls of the hall of the east wing of the State House red and the ceiling and moulding with green, gold and pink. It is a vast improvement over the dirt stained walls.

Democratic nominations for the Senate and House in Jefferson county and the city of Louisville Tuesday were as follows: Senate—Major Thos. H. Hays, Capt. John H. Weller and Mr. Rosel Weisinger. House—E. D. Briscoe, John M. Letterlie, H. H. Gocke, Wm. Krieger, A. J. Carroll, W. O. Head, W. E. Thompson and Albert H. Charlton.

"Put Money in Thy Purse."

How? Save doctor's bills. Always keep on hand a bottle of that sweet of remedies, Dr. Hale's Household Cough Cure to stop the first irritation caused by a cold. Don't think you can fix up something just as good when for 25c. or 50c. you can have the result of years of practice and experience expended in making this preparation absolutely the best. For sale by P. H. CARPENTERS.

FRANKFORT ROUNDABOUT

FRANKFORT, SEPTEMBER 16, 1893.

WANTED.

Issue of the **ROUNDABOUT** of Saturday, December 24th, 1892, to complete our files. Will pay liberally for them.

Pea Ridge.

County Superintendent Hunter visited our school last Wednesday and expressed himself very well satisfied with the progress of the scholars.

Mr. Joe Williams attended court this week and is interested in a very important case which is set for trial next Monday.

Mr. Wm. Jackson, our efficient constable, paid a visit to the Ridge this week.

A splendid rain fell all through this section several days this week and the terrible long drouth is ended and consequently all our people are in a good humor.

A certain young man lost his dog and suspecting someone of killing him, went to town and hunted up a fortune-teller, paid a quarter and according to the horoscope, astrology, planets and cards his suspicions were found to be correct. He is going again after seven days and pay another quarter to find out how he was killed. Another quarter and another seven days finds out who killed him while presumably the same process finds out where he is at.

It is understood that a petition is being circulated here asking that a new school district be formed by cutting off a part of Benson, Bellepoint and Pea Ridge. Capt. Will Tracy has generously offered to donate a valuable lot on the turnpike to build the school-house on. As this move will improve our county by building a new school-house and bringing another teacher into it, the Scribe wishes it success.

Mr. L. Dennis will shortly retire from the toll gate on the Devil's Hollow pike and be succeeded by Mr. Fount Hulet.

The report having gone out that there was some trouble in our school district, the Scribe takes pleasure in saying it is a mistake. The only strife here being as to who shall do most to advance the interest of our school. Miss Olla B. Suttles is giving satisfaction as teacher to the patrons, and trustees are all working together harmoniously.

Mr. Will Dennis is building a foundation for a house on the John Dennis farm.

Since the recent rains our fields and woods have taken on a dress of living green. Stock food and water are plentiful, greatly increasing the flow of milk and butter supply. Nature never does anything niggardly, so in spite of the croaks, who believed we were all going to starve to death, everything is now growing splendidly—turnips, late corn, beans and even the weeds.

Mr. Sam Bull, of Frankfort, has been conducting Sunday

school here for several weeks and will be here next Sunday evening at half past two.

Our farmers are busy cutting and hauling tobacco and an immense amount of hay has been hauled from here to Frankfort recently.

Several of our people attended service at the Bridgeport Christian Church last Sunday.

Capt. Will Tracy, our worthy and efficient road overseer, called out a large force of workmen and worked the county road last Saturday week and did some splendid work, for the road needed repairing badly. On last Saturday he had to appear at court to prosecute those who did not work when "warned in." Another large force has been warned in to work yesterday and today. Capt. Tracy has much to discourage him, one heavy rain frequently washing out all that fifty men have done, so that he is compelled, much against his will, to "warn em in and work em again." Our people will soon see the economy of making good roads.

Months ago several horses, cows and calves strayed here and, liking the place and people, have stayed ever since. The owners have given them up as lost, saying "I have hunted everywhere for them," not thinking an "ad" in the **ROUNDABOUT** would have saved them hunting and found their stock long ago. The stock in question never has been advertised in the **ROUNDABOUT**. Several people have asked the Scribe to write a description of the stock for this column so that owners might hear of their property but has always declined because the owners could describe their stock most accurately and the **ROUNDABOUT** columns are open to them.

All Along the Lane

I heard praise of Dr. Hale's House hold Ointment. Mrs. E. B. Jacoby, of Farmington, Maine, writes that she suffered five years with varicose veins and two running sores on her leg, and was completely cured by its use. D. S. Piliory, Salisbury, Vt., writes: "We cannot live without it; it relieves my state of asthma at once; it cures a burn or a hurt of any kind almost instantly." Under date of May 30, 1892, R. H. Simpson, LeRoy, N. Y., writes: "I used Hale's Ointment for rheumatism three years ago and have not been troubled since. It is the finest ointment in the world for general use. 25c. and 50c. per box. For sale by F. E. Sawyer."

IF YOUR BACK ACHES, Or you are all worn out, buy good for nothing. It is general relief. Try **BROWN'S TROPIC BITTER.** It will cure you, cleanse your liver, and give you a good appetite.

Scaled the Walls.

Albert Plumb and George D. Stewart, two convicts employed in attending to the electric light machinery at the penitentiary, made their escape Tuesday night by climbing over the east wall. The electric light plant is located in the women's department, which, being a retired locality, enabled the men to make their arrangements without great risk of detection.

Stewart was sent up from Louisville and had four years to serve, while Plumb was sent from Bracken county and had five years to serve.

Dynamiters and Seiners.

The parties who have been destroying the fish in the streams of the county by the use of dynamite and seines are likely to receive a pretty lively stirring up at this term of the court. The lovers of rod fishing are interesting themselves in the matter and have presented the names of quite a number of the violators of the laws for the protection of fish and game to the grand jury and several indictments are looked for. Some heavy fines will have to be imposed before the people who have been defying the law so long will learn a lesson.

The Modern Beauty

Bush, formerly of this city, resigned the position of president of the company, which he had held since its organization. Mr. A. W. Hart, who was mainly instrumental in organizing the company and has been its general manager, was elected to succeed Judge Bush. Mr. S. H. Sullivan was made general manager and Mr. Harry R. Bush, formerly of this city, elected Secretary.

The Work on the Bridge.

The top courses of stone are being placed on the north abutment and that portion of the work will probably be completed to-day. At the south abutment the piles have all been driven for the foundation, the space between them is being concreted, and the heavy timbers which will form the foundation are being put down. Derricks are being erected and the work of laying stone on that side of the river will begin next week.

"All human history attests That happiness for man,—the hungry sinner!

Since Eve ate apples, much depends on dinner."

And a good liver is absolutely essential for appreciating a good dinner. Lord Byron knew that as well as anybody. One of his greatest regrets was for his weak stomach. "Gad, man!" his lordship would say, "why don't one of these infernal doctors invent a liver medicine?"

He would never have asked that question were he now living. Why? Because he would have been using Dr. Pierce's Pleasant Pellets, an absolutely sure cure for Constipation, Indigestion, Bilious Attacks, and all derangements of liver, stomach and bowels. There is no gripping or violence about these pills, and they are guaranteed to give satisfaction, or your money is refunded. Don't live with the stomach weak, when the cure is within your reach for 25 cts.

Thousands of cures follow the use of Dr. Sage's Catarrh Remedy. Its \$500 reward for an incurable case.

The Railroad Bridge Will be Floored.

President Smith Himself Has Said It.

LET BELLEPOINT REJOICE.

A short time ago, when it became apparent that the L. & N. R. R. Co. would not put a floor in their bridge across the Kentucky river here, Mr. A. W. Cromwell authorized his attorneys, Messrs. Cromwell and Franklin, to notify the company of his rights under the contract made with L. A. Thomas, and the result was the following letter from the President of the company, which assures the reconstruction of the bridge for travel as before the bridge was raised:

PRESIDENTS' OFFICE,
L. & N. R. Co.,
LOUISVILLE, Ky.,
A. W. Cromwell Esq., Frankfort,
Ky.:

DEAR SIR:—I am in receipt of your letter of the 31st ult., in which you claim to be entitled to all the rights under the contract made between the Louisville & Frankfort Railroad Company and Landon A. Thomas, dated the 23d day of August, A. D. 1850, and inquiring as to whether the company intends to stop the passage of yourself, servants and employees, and transportation over the bridge of the company across the Kentucky river at Frankfort. The company has, for some time, had under consideration the question as to whether it could, in the reconstruction of this bridge under the act of Congress and the direction of the Secretary of War of the United States, so reconstruct it as to again open it to travel by pedestrians, animals and vehicles, and whether, if it could do so, it is the policy of the company to so reconstruct it. It has finally decided that question, and determined to reconstruct the bridge that it can be used by pedestrians, animals and vehicles, and to open it again as a toll bridge. This it does, however, mainly in deference to the wishes of citizens of Frankfort and Franklin county, and not because it is legally bound to do so, either under the contract with Thomas or any statute or other law. And I wish to say to you that it does not admit that you are entitled to all or any of the rights under the contract referred to between the Louisville & Frankfort Railroad Company and Landon A. Thomas. On the contrary, it is advised by its counsel that you are entitled to none of these rights.

Very truly,
M. H. SMITH,
President.

Chicago Gets the Money.

One of our citizens who has been watching the flow of people from this city and county to Chicago estimates that fully twelve hundred of our citizens have gone to the Windy City since the Fair opened, and putting \$50 as the average amount spent by them, he makes \$60,000 as the sum taken out of the county by the pilgrims to the World's Exposition. This, it is feared, will knock a big hole in the trade of our merchants this fall and the coming winter.

August 29, 1893, to Prof. S. A. Hulet and wife, a son—Edwin.

There was quite a scene in Chapel Schoolhouse community last Sunday because the minister failed to preach according to the views of some of his hearers.

I am a jolly newsboy, and would you know my story? My age is uncertain, being between twelve and twenty. I would like to form the acquaintance of some pretty maid by the next leapyear, as I think I will then be old enough to enjoy the bliss of wedded life. The maiden that I mean to get must be well stored with riches, with bright, blue eyes and golden locks, and be just sixteen.

NEWSBOY.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administered it to her own offspring and always with the best results. For sale by J. W. Gayle.

CIRCUS DAY IS NEAR.

Only a Few Days Before the Advent of Ringling Bros.' Shows.

The rapid approach of circus day gives an added interest to the many remarkable new features announced for Ringling Brothers' World's Greatest Shows, and as these famous circus managers have hitherto never failed to keep their promises, the public may confidently count upon witnessing an extraordinary exhibition of ethnologic, zoologic and arenic features. The troupe of Royal Japanese acrobats embraces twelve remarkable performers from Mikado's own company. The leaders are Tiokichi, Alsimota, Sankichi, Van and a wonderfully clever Japanese woman, named Okeo. Their performance is marvelous beyond description. A troupe of genuine desert Arabs, who give a remarkable exhibition of agility and strength, is also a striking ethnologic feature. A grand ballet militant by a hundred superbly caparisoned horses is a novelty entirely new to the circus. A school of twenty Mexican horses go through a performance almost human in the trained intelligence exhibited. The Brothers Vernon give a wonderful performance on the flying trapeze. Charles W. Fish and the famous Reno Sisters exhibit the best features of modern equestrianism; the four Walton Brothers give an unequalled series of acrobatic feats; scores of other high-salaried performers add to the excellence of the programme; a giant giraffe, a bi-horned gnu, a mammoth hippopotamus and whole herds of elephants add interest to the zoological display, and a glittering street procession ushers in the event at 10 o'clock in the morning. Ringling Brothers' Colossal Shows will exhibit for two performances only at Frankfort Wednesday, Sept. 20.

The New South and the World's Fair.

No section of the country, East, North or West, taking a greater interest in the World's Fair at present than that portion lying south of Mason and Dixon's line, and typical Southerners, easily distinguishable in the immense throng by the graceful military bearing of the gentlemen and the rare beauty of the ladies, are to be met in great numbers on the Exposition grounds, in the corridors of the leading hotels and at the various social gatherings in the World's Fair City.

To a large extent the success of the Fair depends upon the Southern people; the Board of Managers expect hundreds of thousands of people from South of the Ohio river to attend the Exposition, and from present indications they will not be disappointed. The railroads are making extensive preparations to take care of the people, and their comfort enroute is fully assured.

The Big Four Route, which is the only line making connection in Central Union Station, Cincinnati, with through trains of the E. T. Y. & G., Queen & Crescent Route, Louisville & Nashville R. R., Kentucky Central Ry., and Chesapeake & Ohio Ry., naturally forms the popular outlet for Southern travel, and to accommodate the business five elegant vestibuled trains, with parlor cars, sleeping cars, dining cars and elegant coaches are run daily from Cincinnati to Chicago, stopping at Midway Plaisance, the Main Entrance to the World's Fair, 60th St., Hyde Park, 51st St., 30th St., 22d St., and running into the new 12th St. Station on the Lake Front.

All the World's Fair hotels and boarding houses are located adjacent to the Big Four stations and passengers via the popular line avoid the long, tiresome transfer across the city necessary by all other lines from Cincinnati. There is positively no other line landing passengers at the stations named, and as it affords in addition to the comfort and convenience a great saving of time and expense, all the South who contemplate a trip to the World's Fair should be sure to ask for tickets via the Big Four Route.
